WORK EXPERIENCE

📅 **2019 - PRESENT**

JUNIOR SOFTWARE ENGINEER
SITES S.A.S , Ecully, FRANCE

Now as a full-time employee, my tasks have become more diversified, in particular in terms of organization, updating of working methods and providing knowledge about devops. Improvements to the monitoring system for engineering structures remains my main activity.

📅 **2016 - 2019**

SOFTWARE ENGINEER TRAINEE
SITES S.A.S , Ecully, FRANCE

As a trainee, my main task has been to improve the monitoring system for civil engineering structures, in particular by making it evolve in terms of architecture, but also in terms of code with the contribution of new technologies.
